- Corrosion-free metal for the box
- Tight turning radius

Daily Route:

The truck's usual daily routes will total 50 miles per day, or 250 miles per week. The daily scheduled runs are two runs, morning and afternoon from Bldg 12 to the Karner Road PO and back (12.6 miles round trip, 25 miles total for both daily trips) and one daily run from Bldg 12 to Menands to the Troy Atrium, and back to Bldg 12, loop total is 26 miles. We encounter a lot of stop and go traffic.
